SKILLS SET:

Test Management Tool	: Bugzilla, HP ALM, Jira, Test Rail
Software Lifecycle Models	: SDLC, STLC, Agile Methodologies & Defect lifecycle.
Automation Tools	: Java, Selenium Web driver and TestNG.
General	: MS Office (Word, Excel, PowerPoint), MySQL

EMPLOYMENT DETAILS:

Current Designation : QA Tester II
Current Employer : Electronic Arts(Dec 2019- Till Date)
Previous Employer : OGS-United Health Group (May2019 to Nov 2019)
Previous Employer : Object trees Soft Consulting.(Jan 2016 to April 2019)

PROJECTS DETAILS:

Project 5

C and C Remastered

Command & Conquer is a real-time strategy video game series which revolves around conflicts between various competing factions vying for world domination. There are three different storylines, each with three main factions, as well as various minor factions. The majority of these are based on real-world human organizations, such as the Soviet Union and the United States of America, with a single one, the Scrin, being alien.

The Tiberium series, which includes the original *Command & Conquer* game, is set in an [alternate history](#). The three main factions of this series are the *Global Defense Initiative*, *Nod*, and *Scrin*.
